

Dual-Liquid Sprayer

*THE ORIGINAL
METERED TRIGGER SPRAYER SYSTEM*

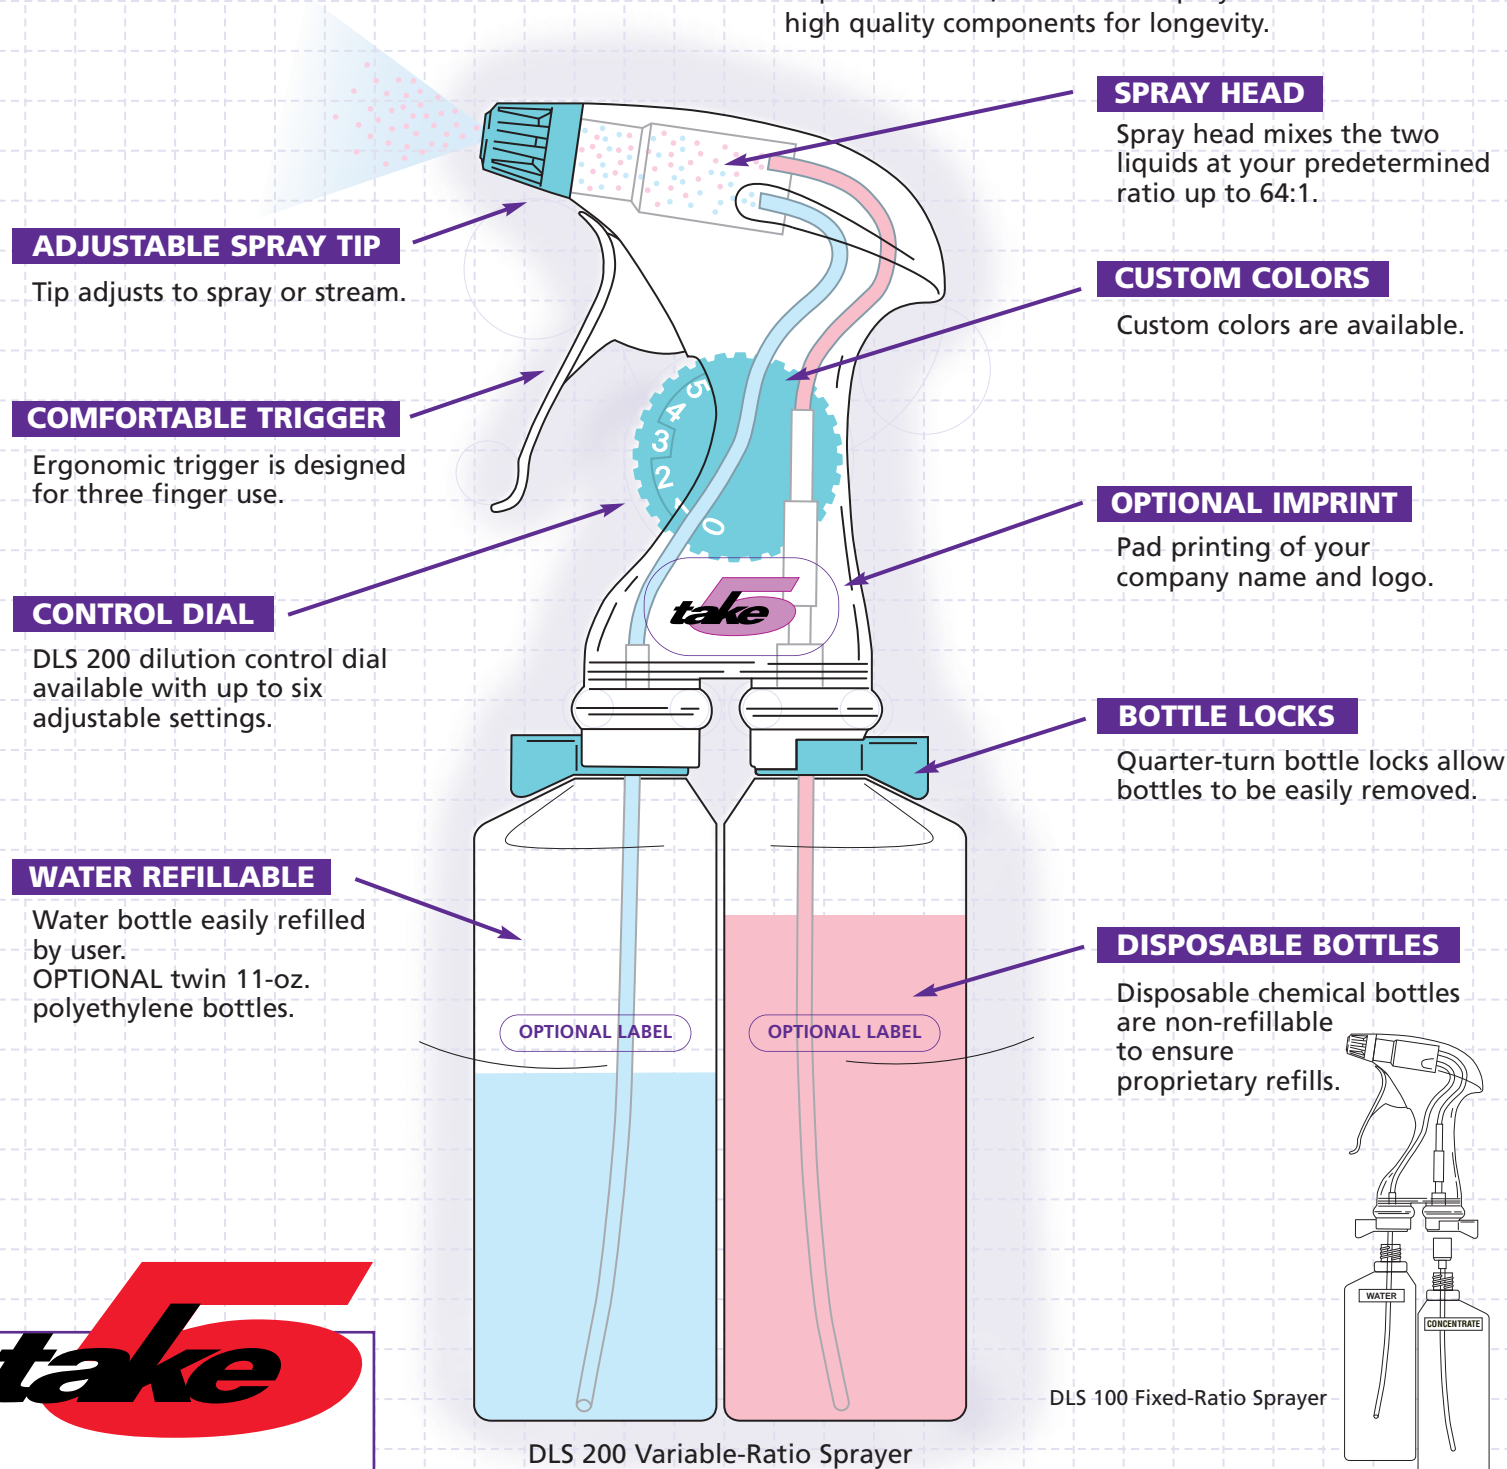

DLS 100 Custom Dual-Liquid Fixed-Ratio Sprayer

The DLS 100 is designed to spray two liquids at the same time at a predetermined, fixed dilution ratio, making it ideal for dispensing concentrated liquids and two-part reactive chemicals. This high quality sprayer system is perfect for use with disposable refills.

DLS 200 Custom Dual-Liquid Variable-Ratio Sprayer

The DLS 200 dispenses two liquids simultaneously. Its dilution control dial allows the user to adjust the ratio of the two liquids, making it suitable for a concentrated liquid with various applications dependent upon its dilution rate to water. Designed to use with disposable refills, the DLS 200 Sprayer is made with high quality components for longevity.

ADJUSTABLE SPRAY TIP

Tip adjusts to spray or stream.

COMFORTABLE TRIGGER

Ergonomic trigger is designed for three finger use.

CONTROL DIAL

DLS 200 dilution control dial available with up to six adjustable settings.

WATER REFILLABLE

Water bottle easily refilled by user.
OPTIONAL twin 11-oz. polyethylene bottles.

SPRAY HEAD

Spray head mixes the two liquids at your predetermined ratio up to 64:1.

CUSTOM COLORS

Custom colors are available.

OPTIONAL IMPRINT

Pad printing of your company name and logo.

BOTTLE LOCKS

Quarter-turn bottle locks allow bottles to be easily removed.

DISPOSABLE BOTTLES

Disposable chemical bottles are non-refillable to ensure proprietary refills.
